NEW SPACIOUS CLASSROOM IN ELMHURST: 909 S. Route 83, Suite 100

After searching for some time, we finally found a suitable facility to hold pre-licensing and ethics classes near the west suburban Oak Brook area, **located just 1.5 miles north of the Oak Brook Shopping Mall** on Kingery Highway (Route 83) in the far southwestern section of Elmhurst.

This easy to get to two story office building has plentiful free parking and our 1,600 square

foot space can seat 48 students comfortably with beautiful mufti-user washrooms located just fifty feet down the hall from the classroom. We have a break room with coffee, a microwave and refrigerator for student convenience and cold water bottles are available for one dollar. For pre-licensing students, less than one mile north of our building is a Portillo's, Chick-a-fil and a Subway for lunchtime needs.

In the past we had used a couple of hotels in the area but we were outgrowing these locations in this bustling economic area. With the acquisition of 909 South Route 83, **Dohrn will be offering an expanding offering of classes in the Elmhurst/Oak Brook business corridor.** Centrally located, it is conveniently accessible from the west (Aurora/Naperville), Chicago and near southern and north suburban areas.

OUR OTHER CLASS LOCATIONS

Detailed information about all of our classroom location, including amenities and detailed direction suggestion can be found at the following link on our website

<http://www.dohrnit.com/?home/view/locations>

RIVER GROVE

TINLEY PARK

Since late 2009 we have held ethics and pre-licensing classes in the meeting room of the Wingate by Wyndham hotel, offering from four to six class dates per month.

SCHAUMBURG

Every month we schedule from four to six dates for pre-licensing and ethics in the meeting room of the Wingate by Wyndham hotel.

CHICAGO (DOWNTOWN)

Located in the 19th Floor Conference Room at 180 N. LaSalle St., one pre-licensing Life and Health class and one Ethics class is offered monthly in the heart of downtown Chicago.

SEVEN locations in northern Illinois making it convenient for our customers so they can earn the hours they need to obtain and maintain their Illinois producer license from experienced and knowledgeable instructors.

SERVING ILLINOIS FOR OVER 28 YEARS

A BRIEF HISTORY

In mid-July, Dohrn Insurance Training, Inc. celebrated its 28th anniversary of meeting the pre-licensing and continuing education needs of producers in Illinois.

In July of 1987, Doug Dohrn, Sr. started Dohrn Insurance Training with no customers, armed with only his Life and Health pre-licensing courses for which he was granted certification by the Illinois Department of Insurance. Offering classes in a 12X12 classroom seating a maximum of eighteen students on the second floor of a Franklin Park office building, the first few customers trudged up the nineteen steps to get to class.

In 1988, Doug rented a larger first floor space in the building next door which could seat nearly 30 students. When the tavern next door starting selling food, unwanted insects began showing up and it was time to move.

On April 1, 1990 Dohrn moved to River Grove on Grand Avenue next door to an insurance agent. In less than three years we moved again on New Year' Day 1994 to our current headquarters at 8517 West Grand Avenue.

During the first few years Dohrn served about five hundred producers per year. Today we annually accommodate over 8,000 students in Illinois on a classroom basis.

We sincerely thank each and every one of you, our valued clients for your continuing business and for all the referrals you have sent us over the years. We truly could not have grown or existed without your loyalty and support. We appreciate you.
